

## **We're Open.**

**Our facility is operating normally during coronavirus pandemic.**

## **We can do this.**

Please know that our first priority at Morrows Moving and Storage (1976) Ltd is to keep our teams and customers healthy. During these challenging times, we have made many important changes to our operations. We are confident that these changes will allow us to operate safely and continue to serve your needs.

*Morrows Moving and Storage (1976) Ltd is providing you local, long distance and international moving and storage solutions.*

*If your facing a move, don't worry: Call Morrows Moving and Storage 1976 Ltd. to get it done for you! Whether your move is just within the building, across the street, the City, the Province, the Country or the World, no distance is too far for us to cover. We'll help you tackle your move every step of the way.*

## **Changes we've made to our operations.**

Together, we can stop the spread of the coronavirus. Here are the changes we've made to our operations:

- Thoroughly cleaning our hands and all surfaces at our facility and in our vehicles on a regular basis throughout each day
- Providing all our crews with sanitizing/hand washing kits and having them wash their hands regularly
- When confirming service with a customer, ask whether anyone in the home is exhibiting symptoms associated with COVID-19 and/or had known contact with anyone who is presumptively positive or has tested positive for COVID-19. If the answer is yes, together with the customer try to postpone the move. If the shipment is on route already, we will put the shipment in storage and safely deliver at a later date.
- Allowing and facilitating non-essential employees to work from home
- Requiring any employee that has symptoms of coronavirus to self-quarantine and seek medical attention
- Follow other recommended safety, health and hygiene practices for COVID-19 as previously communicated.
- Staying abreast of our local, provincial and federal government orders and how they define businesses that are being permitted to continue operating.

**We are all in this together. Stay healthy.**
